

## Patuxent Bird Club – Prince George’s Audubon Society Calendar of Field Trips and Meeting Programs

Fall 2017 – Summer 2018

---

**Saturday  
September 2  
7:30 am  
Bird Walk**

 **Fran Uhler Natural Area.** Monthly walk. Meet at 7:30 am at east end of Lemon’s Bridge Road, off Route 197 just north of Bowie State University. No reservations needed. Contact Bill Sefton ([kiwisuits@msn.com](mailto:kiwisuits@msn.com)).

---

**Thursday,  
September 7  
3 pm  
Bird Walk**

 **Lake Artemesia Natural Area.** Semi-monthly walk. Wheelchair-accessible. Meet at 3 pm at parking lot, at intersection of Berwyn Rd. and Ballew Ave. in Berwyn Heights. No reservations needed. Contact David Mozurkewich ([mozurk@bellAtlantic.net](mailto:mozurk@bellAtlantic.net)) for more information.  
**Note start time is 3 pm September through March**

---

**Tuesday  
September 12  
7:30 pm  
doors open at 7 pm**

 **From Mountains to Saltmarsh: Rediscovering the MOS Sanctuaries**, presented by Marcia Watson

**Monthly Meeting  
& Speaker Program**

The Maryland Ornithological Society owns nine sanctuaries, totaling over 2,100 acres, spanning the state from Garrett County in the western part of the state, to Somerset County on the lower Eastern Shore. All of the sanctuaries are open to the public every day of the year, at no charge, and represent a microcosm of the habitats for birds in Maryland. Many people are aware of the Carey Run and Irish Grove Sanctuaries, where work-days are held each year, but the other sanctuaries are seldom visited. Drawing on the files of the MOS Sanctuary Committee, historic accounts in *Maryland Birdlife*, and photos and materials provided by MOS members across the state, Marcia will review the history of the MOS Sanctuary Program, provide profiles and show maps and photos of all the sanctuaries, discuss the birds and habitats found there, and will cover some of the challenges that MOS faces in managing the properties. Marcia will conclude with suggestions on how interested individuals can become involved with the sanctuaries.

*About the Presenter.* Marcia Watson is a long-time member of the Maryland Ornithological Society. She was a founding member of the Cecil Bird Club, and served that chapter as president and webmaster. She now lives in Bowie and is Vice-President of the Patuxent Bird Club. Marcia recently joined the MOS Sanctuary Committee and is working to foster awareness of the sanctuaries among MOS members and the public. Interested in biology and the outdoors from the time she was a little girl, Marcia holds a doctoral degree in Biological Sciences, and for over 20 years specialized in research dealing with the environmental signals that animals use to coordinate their life cycles with seasonal changes such as daylength and temperature. Marcia is now retired and is concentrating on getting to know the great birding sites that Prince George's County has to offer.

**Free and open to the public.** Doors open at 7 pm for 7:30 pm meeting start time. College Park Airport Operations Building, 2nd Floor, 1909 Corporal Frank Scott Dr, College Park, MD 20740

---

**Saturday  
September 16  
7:30 am  
Bird Walk**

 **Governor Bridge Natural Area.** Monthly walk. Meet at the Natural Area parking lot on the south side of Governor Bridge Rd., 1 mile east of Route 301. No reservations needed. For more information contact Bill Sefton at [kiwisuits@msn.com](mailto:kiwisuits@msn.com).

---

**Sunday  
September 17  
Fall Bird Count**

 **Annual county-wide census** of resident and migrating birds. Pick your own start and stop times. Contact the county compiler David Mozurkewich ([mozurk@bellAtlantic.net](mailto:mozurk@bellAtlantic.net)) to receive an assigned area and for more information.

| <p><b>Tuesday</b><br/><b>October 10</b><br/><b>7:30 pm</b><br/><b>doors open at 7 pm</b></p> <p><b>Monthly Meeting &amp; Speaker Program</b></p> | <p> <b>Mom’s Big Year</b>, presented by Nancy McAllister</p> <p>Join Nancy McAllister on her journey through a ‘Mom’s Big Year’ of birding the U.S. Nancy traveled to hotspots from coast-to-coast to see as many birds as possible throughout 2016. She encountered beautiful birds and fascinating people along the way. A Big Year is no small feat for a mom managing all the duties that go along with three young children, a husband and two unexpected new jobs! Returning to her life-long passion for nature and travel proved to be both exhausting and exhilarating. Nancy used the Big Year to begin her journey of healing after a family tragedy and has many wonderful and heartwarming stories to share from her Big Year adventures. Hear more about how Nancy juggled life, work, and family, and used her birding adventures to heal, renew, and rediscover herself. Nancy’s adventures are sure to inspire! Come and hear about how fueling <b>your</b> passion for nature can change your life too! <a href="http://www.momsbigyear.com">www.momsbigyear.com</a></p> <p><i>About the presenter:</i> Nancy McAllister is a biologist at the North American Bird Banding Laboratory and an adjunct professor of environmental science at the University of Maryland, Baltimore County. She loves combining a career in field work, research and education. Nancy became an avid birder in the mid-1980s in her home state of New Jersey. Since then she’s worked for The Nature Conservancy and the Smithsonian Environmental Research Center, and she started a non-profit watershed association. Recently, Nancy has been working with Wildside Nature Tours and did her own 2016 Big Year of birding, a Mom’s Big Year (<a href="http://www.momsbigyear.com">www.momsbigyear.com</a>). In February 2017, she was appointed by her County Executive to Howard County’s Environmental Sustainability Board. Nancy holds an M.S. in Conservation Biology and Sustainable Development and lives in Ellicott City, Maryland with her husband, Paul, and their three children.</p> <p><b>Free and open to the public.</b> Doors open at 7 pm for 7:30 pm meeting start time. College Park Airport Operations Building, 2nd Floor, 1909 Corporal Frank Scott Dr, College Park, MD 20740.</p> |

- Saturday  
November 4  
7:30 am  
Bird Walk**
-  **Fran Uhler Natural Area.** Monthly walk. Meet at 7:30 am at east end of Lemon's Bridge Road, off Route 197 just north of Bowie State University. No reservations needed. Contact Bill Sefton ([kiwisuits@msn.com](mailto:kiwisuits@msn.com)).
- 
- Tuesday  
November 14  
7:30 pm  
doors open at 7 pm**
-  **The Maryland Bird Conservation Partnership: A United Voice for Maryland's Birds, presented by Chris Eberly**
- Monthly Meeting & Speaker Program**
- The Maryland Bird Conservation Partnership (<https://marylandbirds.org>) was launched in 2014 to build the foundation of a collaborative, sustained effort to conserve Maryland birds and their habitat. Modeled after Partners in Flight, the North American Bird Conservation Initiative, and other state-level efforts, MBCP is a coalition of government agencies, non-governmental groups, and citizen stakeholders that combines efforts to ensure the long-term health of native bird populations. To undertake this complex goal, MBCP facilitates collaboration on land conservation, research, data gathering and collation, citizen-science monitoring, outreach, and education. The Maryland Bird Conservation Partnership is giving birds one united voice in Maryland. Chris will describe how and where the Partnership is working and how you can become a part of this exciting conservation initiative.
- About the presenter:* Chris Eberly is Director of the Maryland Bird Conservation Partnership. A Marylander by birth, he worked in the computer industry for 11 years before returning to graduate school at the University of Georgia. After graduating with an M.S. in natural resources/ornithology, Chris coordinated the Department of Defense's bird conservation program (DoD Partners in Flight program) for 17 years. He then served as Executive Director of the Gulf Coast Bird Observatory. Chris is excited to return to his roots to help make MBCP the leader in bird conservation in Maryland and beyond.
- Free and open to the public.** Doors open at 7 pm for 7:30 pm meeting start time. College Park Airport Operations Building, 2nd Floor, 1909 Corporal Frank Scott Dr, College Park, MD 20740.
- 
- Wednesday  
November 15  
9 am  
Field Trip**
-  **Blackwater National Wildlife Refuge.** Meet at the Bowie Park and Ride to carpool to Blackwater for wintering waterfowl, eagles and other raptors, lingering shorebirds and songbirds. **Reservations required;** limited to 10 participants. Must contact the leader, David Mozurkewich ([mozurk@bellAtlantic.net](mailto:mozurk@bellAtlantic.net)), in advance for reservations.
- 
- Thursday  
November 16  
3 pm  
Bird Walk**
-  **Lake Artemesia Natural Area.** Semi-monthly walk. Wheelchair-accessible. Meet at 3 pm at parking lot, at intersection of Berwyn Rd. and Ballew Ave. in Berwyn Heights. No reservations needed. Contact David Mozurkewich ([mozurk@bellAtlantic.net](mailto:mozurk@bellAtlantic.net)) for more information.
-

- 
- Saturday  
November 18  
7:30 am  
Bird Walk**
-  **Governor Bridge Natural Area.** Monthly walk. Meet at the Natural Area parking lot on the south side of Governor Bridge Rd., 1 mile east of Route 301. No reservations needed. For more information contact Bill Sefton at [kiwisuits@msn.com](mailto:kiwisuits@msn.com).
- 
- Saturday  
December 2  
7:30 am  
Bird Walk**
-  **Fran Uhler Natural Area.** Monthly walk. Meet at 7:30 am at east end of Lemon's Bridge Road, off Route 197 just north of Bowie State University. No reservations needed. Contact Bill Sefton ([kiwisuits@msn.com](mailto:kiwisuits@msn.com)).
- 
- Sunday  
December 3  
8 am  
Field Trip**
-  **Piscataway National Park.** Field trip to this National Park Service facility on the Potomac River in the southwest corner of Prince George's County, for wintering waterfowl, gulls, and songbirds. Meet at the fishing area at the north end of Wharf Road. From the DC Beltway (I-495), go south on Route 210/Indian Head Highway, then right (west) on Farmington Rd. West. Continue on Farmington Rd. to a sharp curve to the left, where you should turn right (north) onto Wharf Road (large wooden sign at intersection reads "Farmington Landing"). Follow Wharf Rd. to its end at the fishing area/boat launch. Contact the leader, David Mozurkewich, ([mozurk@bellAtlantic.net](mailto:mozurk@bellAtlantic.net)), for more information.
- 
- Tuesday  
December 5  
9 am  
Bird Walk**
-  **Seasons at South Tract.** One of a series of quarterly bird walks at the South Tract of the Patuxent Research Refuge. We will walk some of the trails and will stop at the bird feeding area by the Visitor Center. Be prepared to walk up to 2.5 miles. Dress for the weather, wear sturdy shoes and bring a water bottle. Target species include wintering waterfowl, sparrows and small woodland birds such as kinglets. Additional walks will be in March and June, to explore the seasonal variation in bird use of the South Tract habitats. Meet at 9:00 am in the parking lot of the National Wildlife Visitor Center; bear left on entering the parking area and go all the way to the last section of the lot past the covered solar recharging station for electric vehicles. For directions, see <https://www.fws.gov/refuge/Patuxent/visit/directions.html>. For further information, contact the leader, Ken Cohen at [kvulture@aol.com](mailto:kvulture@aol.com).
- 
- Thursday  
December 7  
3 pm  
Bird Walk**
-  **Lake Artemesia Natural Area.** Semi-monthly walk. Wheelchair-accessible. Meet at 3 pm at parking lot, at intersection of Berwyn Rd. and Ballew Ave. in Berwyn Heights. No reservations needed. Contact David Mozurkewich ([mozurk@bellAtlantic.net](mailto:mozurk@bellAtlantic.net)) for more information.
- 
- Tuesday  
December 12  
7:30 pm  
doors open at 7 pm**
-  **Annual Holiday Social and Movie Night.**
- Monthly Meeting & Speaker Program**
- Join the Patuxent Bird Club and Prince George's Audubon Society for popcorn and other refreshments to enjoy during our annual movie night. One of the movies will be *Birds of May*, filmed in May 2016 on the beaches of the Delaware Bay. The short movie is filmmaker Jared Flesher's ode to the natural spectacle of the Red Knot's annual visit to the Delaware Bay. What makes the Red Knot (*Calidris canutus rufa*) remarkable is its epic journey of 19,000 miles per year, from Tierra del Fuego to the Arctic Circle and back again, one of the longest migrations in the animal kingdom. The film is also an investigation of a potential new threat to Red Knot survival: the expansion of oyster aquaculture onto Red Knot feeding grounds. Against the scenic backdrop of the bay, Flesher interviews both oyster farmers and the shorebird biologists who fear that an oyster farming boom here could push the Red Knot closer to extinction.
- One or more additional films on birds and/or conservation may be added to the evening's roster; final movie titles TBA at a later date, so check [www.patuxentbirdclub.org](http://www.patuxentbirdclub.org) for more information.
- Free and open to the public.** College Park Airport Operations Building, 2nd Floor, 1909 Corporal Frank Scott Dr., College Park, MD 20740.
- 
- Saturday  
December 16  
7:30 am  
Bird Walk**
-  **Governor Bridge Natural Area.** Monthly walk. Meet at the Natural Area parking lot on the south side of Governor Bridge Rd., 1 mile east of Route 301. No reservations needed. For more information contact Bill Sefton at [kiwisuits@msn.com](mailto:kiwisuits@msn.com).

Sunday  
December 17  
Bird Count

 **Jug Bay Christmas Bird Count.**

Volunteers are needed to census birds in a 15-mile diameter circle in the vicinity of Jug Bay. Choose your own start and stop times, then come to a tally rally at the end of the day to share your data and socialize. Contact compiler Sam Droege ([sdroege@usgs.gov](mailto:sdroege@usgs.gov)) to be put in touch with a sector leader to receive an area assignment.

Thursday  
December 21  
3 pm  
Bird Walk

 **Lake Artemesia Natural Area.** Semi-monthly walk. Wheelchair-accessible. Meet at 3 pm at parking lot, at intersection of Berwyn Rd. and Ballew Ave. in Berwyn Heights. No reservations needed. Contact David Mozurkewich ([mozurk@bellAtlantic.net](mailto:mozurk@bellAtlantic.net)) for more information.

Sunday  
January 1, 2018  
Bird Count

 **Bowie Christmas Bird Count.**

Volunteers are needed to census birds in a 15-mile diameter circle in the vicinity of Bowie. Choose your own start and stop times, then come to a tally rally at the end of the day to share your data and socialize. Contact compiler David Mozurkewich ([mozurk@bellAtlantic.net](mailto:mozurk@bellAtlantic.net)) to volunteer and to receive an assignment.

Thursday  
January 4  
3 pm  
Bird Walk

 **Lake Artemesia Natural Area.** Semi-monthly walk. Wheelchair-accessible. Meet at 3 pm at parking lot, at intersection of Berwyn Rd. and Ballew Ave. in Berwyn Heights. No reservations needed. Contact David Mozurkewich ([mozurk@bellAtlantic.net](mailto:mozurk@bellAtlantic.net)) for more information.

Saturday  
January 6  
7:30 am  
Bird Walk

 **Fran Uhler Natural Area.** Monthly walk. Meet at 7:30 am at east end of Lemon's Bridge Road, off Route 197 just north of Bowie State University. No reservations needed. Contact Bill Sefton ([kiwisuits@msn.com](mailto:kiwisuits@msn.com)).

Tuesday  
January 9  
7:30 pm  
doors open at 7 pm  
  
Monthly Meeting  
& Speaker Program

 **Birding the Galapagos**, presented by Claudia Ferguson.

Join us to hear PGAS's own Claudia Ferguson speak about her adventures birding in the Galapagos Islands. A native of Cuba, Claudia's life-long passion for nature, wildlife, birds, and bird migration started during early childhood while playing outdoors in tropical Cuba, then later exploring rural Patagonia when her family moved to Argentina. Having lived in five countries and travelled to many places around the world, Claudia certainly can relate to migratory birds. To visit the Galapagos Islands was her wish for a long time and finally during September 2016, she had the opportunity to spend five days birding in several of the islands. She will share her photos and stories from her trip.

*About the presenter:* Claudia currently lives in Hyattsville, MD. Her home backyard has been recognized by Audubon as a Bird-friendly Habitat as well as a National Wildlife Federation Certified Habitat. Her second home is located in Pompano Beach, FL where she enjoys watching marine birds during long walks on the beach. Claudia works for the USDA-Animal Plant Health Inspection Service (APHIS) on plant health regulatory issues related to international trade, and has been involved in domestic programs for the eradication of invasive species. Claudia has been a Prince George's Audubon Society Board member for the last two years.

Free and open to the public. Doors open at 7 pm for 7:30 pm meeting start time. College Park Airport Operations Building, 2nd Floor, 1909 Corporal Frank Scott Dr, College Park, MD 20740

Thursday  
January 18  
3 pm  
Bird Walk

 **Lake Artemesia Natural Area.** Semi-monthly walk. Wheelchair-accessible. Meet at 3 pm at parking lot, at intersection of Berwyn Rd. and Ballew Ave. in Berwyn Heights. No reservations needed. Contact David Mozurkewich ([mozurk@bellAtlantic.net](mailto:mozurk@bellAtlantic.net)) for more information.

**Saturday  
January 20  
7:30 am  
Bird Walk**

 **Governor Bridge Natural Area.** Monthly walk. Meet at the Natural Area parking lot on the south side of Governor Bridge Rd., 1 mile east of Route 301. No reservations needed. For more information contact Bill Sefton at [kiwisuits@msn.com](mailto:kiwisuits@msn.com).

**Thursday  
February 1  
3 pm  
Bird Walk**

 **Lake Artemesia Natural Area.** Semi-monthly walk. Wheelchair-accessible. Meet at 3 pm at parking lot, at intersection of Berwyn Rd. and Ballew Ave. in Berwyn Heights. No reservations needed. Contact David Mozurkewich ([mozurk@bellatlantic.net](mailto:mozurk@bellatlantic.net)) for more information.

**Friday  
February 2  
through  
Sunday  
February 4**

**MOS Convention, Holiday Inn, Coastal Highway at 66<sup>th</sup> Street, Ocean City, MD**

          

MOS will hold its annual convention in Ocean City, an iconic spot for winter birding, known to host a wide variety of wintering waterfowl and gulls, with possible alcids (Dovekies, Razorbills, etc.), and other rarities. Assateague Island often holds a surprise sparrow or owl. Field trips (maybe including some boat trips), wine and cheese social, research posters, seminars, nature store, end-of-convention tally rally, and more. Sign up for group meals at the Convention or sample Ocean City's restaurants on your own. Keynote speaker on Friday evening will be Dr. Peter Marra, Head of the Smithsonian Migratory Bird Center. PBC members will receive the convention brochure and registration form by email from the Patuxent Bird Club in the fall. Or download the information from the MOS website – check <http://www.mdbirds.org/> for the brochure and registration form in the fall.

**Saturday  
February 3  
7:30 am  
Bird Walk**

 **Fran Uhler Natural Area.** Monthly walk. Meet at 7:30 am at east end of Lemon's Bridge Road, off Route 197 just north of Bowie State University. No reservations needed. Contact Bill Sefton ([kiwisuits@msn.com](mailto:kiwisuits@msn.com)).

**Tuesday  
February 13  
7:30 pm  
doors open at 7 pm**

 **What a wonderful bird is the pelican ... The expansion of Brown Pelicans into the Chesapeake Bay region,** presented by Dave Brinker

During the mid-1900s, Brown Pelicans seriously declined along the Atlantic and Gulf coasts of the United States and were eventually listed as a threatened species. Historically, pelicans had never been recorded as a nesting species in Maryland or anywhere to the north. As pelican populations were recovering from the impacts of DDT, Dave discovered Maryland's first Brown Pelican nesting in 1987. Since wandering into the Middle Atlantic States, Brown Pelican populations have increased dramatically. The remarkable expansion of local Brown Pelicans in the region will be described. Come learn how adults feed tiny chicks, and where Maryland nesting pelicans spend their winters, along with other snippets of the natural history of this facilitating water bird.

**Monthly Meeting  
& Speaker Program**

*About the presenter:* A regional ecologist with the Maryland Department of Natural Resources' Natural Heritage Program since 1990, Dave works on biodiversity conservation, where he specializes in colonial nesting waterbirds, marshbirds, and raptors, as well as working on freshwater mussels, tiger beetles and odonates. He began bird banding in 1975 with raptors in Wisconsin at the Little Suamico Ornithological Station, and has been banding Northern Saw-whet Owls in Maryland since 1986, and at Assateague Island since 1991. He founded the now continental collaborative banding effort Project OwlNet in 1994. Along with colleagues and many volunteers he has organized banding of over 35,000 Brown Pelicans in Maryland and Virginia. In addition to his professional duties, during his free time he studies Northern Goshawks in West Virginia, Maryland and Pennsylvania and has experience with traditional radio, satellite, and cellular telemetry of Black Skimmers, Northern Goshawks, Northern Saw-whet and Snowy Owls. Most recently he co-founded, and is a leading principal in Project SNOWstorm, a project tracking Snowy Owls. He has published a number of scientific papers and authored numerous species accounts in both Maryland Breeding Bird Atlases, as well as the Northern Goshawk accounts in the recent Pennsylvania and West Virginia atlases.

**Free and open to the public.** Doors open at 7 pm for 7:30 pm meeting start time. College Park Airport Operations Building, 2nd Floor, 1909 Corporal Frank Scott Dr, College Park, MD 20740

- 
- Thursday  
February 15  
3 pm  
Bird Walk**
-  **Lake Artemesia Natural Area.** Semi-monthly walk. Wheelchair-accessible. Meet at 3 pm at parking lot, at intersection of Berwyn Rd. and Ballew Ave. in Berwyn Heights. No reservations needed. - Saturday  
February 17  
7:30 am  
Bird Walk**
-  **Governor Bridge Natural Area.** Monthly walk. Meet at the Natural Area parking lot on the south side of Governor Bridge Rd., 1 mile east of Route 301. No reservations needed. For more information contact Bill Sefton at [kiwisuits@msn.com](mailto:kiwisuits@msn.com).
- 
- Saturday  
February 24  
8 am  
Field Trip**
-  **Ponds of Prince George's County for Wintering Waterfowl.** Join leader Fred Fallon in a pot-luck potpourri to see what the ponds of Prince George's County might hold. A special target bird will be the PBC logo bird, Hooded Merganser. Exact locations to be visited will depend on current reports. Meet at the Bowie Park and Ride at 8 am for a ¾ day trip. Bring snacks and drinks. Contact Fred Fallon at [fwfallon@ymail.com](mailto:fwfallon@ymail.com) for more information.
- 
- Thursday  
March 1  
3 pm  
Bird Walk**
-  **Lake Artemesia Natural Area.** Semi-monthly walk. Wheelchair-accessible. Meet at 3 pm at parking lot, at intersection of Berwyn Rd. and Ballew Ave. in Berwyn Heights. No reservations needed. Contact David Mozurkewich ([mozurk@bellAtlantic.net](mailto:mozurk@bellAtlantic.net)) for more information.
- 
- Saturday  
March 3  
7:30 am  
Bird Walk**
-  **Fran Uhler Natural Area.** Monthly walk. Meet at 7:30 am at east end of Lemon's Bridge Road, off Route 197 just north of Bowie State University. No reservations needed. Contact Bill Sefton ([kiwisuits@msn.com](mailto:kiwisuits@msn.com)).
- 
- Tuesday  
March 6  
9 am  
Bird Walk**
-  **Seasons at South Tract.** Half-day walk. One of a series of quarterly bird walks at the South Tract of the Patuxent Research Refuge. We will walk some of the trails and will stop at the Pollinator Garden bird feeding area by the Visitor Center. Be prepared to walk up to 2.5 miles. Wear sturdy shoes and bring a water bottle. Target species include early migrating landbirds and lingering waterfowl. The next walk will be held in June, to explore the seasonal variation in bird use of the South Tract habitats. Meet at 9:00 am in the parking lot of the National Wildlife Visitor Center; bear left on entering the parking area and go all the way to the last section of the lot past the covered solar recharging station for electric vehicles. For directions, see <https://www.fws.gov/refuge/Patuxent/visit/directions.html>. For further information, contact the leader, Marcia Watson at [marshwren50@comcast.net](mailto:marshwren50@comcast.net).
- 
- Tuesday  
March 13  
7:30 pm  
doors open at 7 pm**
-  **Birds and climate change: using climate change projections to inform conservation throughout the Americas**, presented by Chad Wilsey
- Monthly Meeting & Speaker Program**
- Chad Wilsey will cover the approaches that National Audubon is taking to gather data on the effects of climate change on birds, and how this data can be used to shape policy.
- About the presenter:* Dr. Chad Wilsey is Director of Conservation Science in the science division of the National Audubon Society. Chad leads a team of scientists conducting analyses in support of Audubon's national initiatives, including Climate Change. His research focuses on climate change impacts to birds, and he was a co-author of Audubon's 2014 *Bird and Climate Change Report*. Recently, Chad authored a report on *Birds and Water in the Arid West*. Chad has a Ph.D. from the University of Washington, an M.S. from the University of Wisconsin, and a B.S. from the University of Puget Sound. He lives in Berkeley, CA with his wife and daughter.

| <p><b>Saturday</b><br/><b>March 17</b><br/><b>7:30 am</b><br/><b>Bird Walk</b></p>   | <p> <b>Governor Bridge Natural Area.</b> Monthly walk. Meet at the Natural Area parking lot on the south side of Governor Bridge Rd., 1 mile east of Route 301. No reservations needed. For more information contact Bill Sefton at <a href="mailto:kiwisuits@msn.com">kiwisuits@msn.com</a>.</p>   |
| <p><b>Saturday</b><br/><b>March 24</b><br/><b>9 am</b><br/><b>Field Trip</b></p>   | <p> <b>Susquehanna River from Havre to Grace to Conowingo.</b> ¾ day Trip. Reservations needed. We will bird from the top of the Chesapeake Bay up the Susquehanna River to the Conowingo Dam, stopping at various overlooks for the primary target species, gulls and waterfowl. The trip is planned for the peak period for Little Gull, Black-headed Gull, and Bonaparte's Gull. Scoters, grebes and loons also possible. Eagles should be abundant, and the woods along the river usually harbor a good selection of wintering and resident birds, including woodpeckers, kinglets, thrushes, and Winter Wren. Bring snacks and drinks and dress warmly – conditions are often windy along the river. Meet at 9 am at the Havre de Grace Marina, 723 Water Street. To reserve your seat and for more information, contact the leader, Gene Scarpulla, at <a href="mailto:ejscarp@comcast.net">ejscarp@comcast.net</a> no later than March 17.</p>   |
| <p><b>Thursday</b><br/><b>April 5</b><br/><b>6 pm</b><br/><b>Bird Walk</b></p>   | <p> <b>Lake Artemesia Natural Area.</b> Semi-monthly walk. Wheelchair-accessible. Contact David Mozurkewich (<a href="mailto:mozurk@bellAtlantic.net">mozurk@bellAtlantic.net</a>) for more information.<br/><b>Note: start time is 6 pm April through August.</b></p>  |
| <p><b>Saturday</b><br/><b>April 7</b><br/><b>7:30 am</b><br/><b>Bird Walk</b></p>  | <p> <b>Fran Uhler Natural Area.</b> Monthly walk. Meet at 7:30 am at east end of Lemon's Bridge Road, off Route 197 just north of Bowie State University. No reservations needed. Contact Bill Sefton (<a href="mailto:kiwisuits@msn.com">kiwisuits@msn.com</a>).</p>   |
| <p><b>Tuesday</b><br/><b>April 10</b><br/><b>7:30 pm</b><br/><b>doors open at 7 pm</b></p> <p><b>Monthly Meeting<br/>&amp; Speaker Program</b></p> | <p> <b>Playing Dr. Doolittle: Understanding Bird Songs and Social Behavior</b>, presented by Kim Derrickson</p> <p>Sex, Drugs, and Rock n' Roll – Avian Style. Well maybe not the drugs, but more than enough of the other two to make an entertaining evening. Come hear about the amazing lives of our feathered friends. You will be utterly amazed by its complexity. Come learn about our local avian virtuoso, the Northern Mockingbird. Even learn why they keep you up at night singing from your chimney. Dr. Kim Derrickson, our speaker for this evening, will tell you all you ever wanted to know* about Northern Mockingbirds (*and you don't have to be afraid to ask now). He will also discuss his various research endeavors attempting to unravel the social lives and singing styles of another local species with a beautiful song, the Wood Thrush, and a Panamanian suboscine, the Dusky Antbird. As these stories unfold you will see how experiences in the field, several completely unexpected, have directed and altered Kim's research efforts. During the presentation we will explore questions such as: Why do mockingbirds have one of the largest vocal repertoires of any bird species? How do birds know how far away a neighbor is by listening? Why are there good Dads and poor Dads in Wood Thrushes when it comes to parental care? And, do Wood Thrushes actually see their eggs?</p> <p><i>About the presenter:</i> Dr. Kim Derrickson is an Associate Professor of Biology and Chair of the Department of Biology at Loyola University Maryland where he teaches an introductory course on ecology, evolution and biodiversity and upper level courses in animal behavior and evolution. He has also taught upper level courses in avian biology, ecology, conservation biology, and exploring ecosystems in which he took classes to the Amazon Rainforest and the Desert Southwest. His research, supported by the National Science Foundation and Smithsonian Institution, has been published in over 20 scientific papers. Kim is recognized as one of the world's experts on the Northern Mockingbird, a local species with an exceptionally large vocal repertoire. He, along with Dr. Randall Breitwisch, wrote the <i>Birds of North America</i> species account for the mockingbird. He also participated in a long-term study at the Smithsonian Tropical Research Institute on the singing behavior and mating system of a Panamanian suboscine, the Dusky Antbird (<i>Cercomacra tyrannina</i>). Colleagues have recognized his research and appointed him an Elective Fellow of the American Ornithologists' Union. Dr. Derrickson earned his B.Sc. degree from the University of Wisconsin, Madison and his Ph.D. from the University of Pennsylvania. He was a Research Associate at the National Zoological Park, Smithsonian Institute, Washington, D.C. before joining the faculty at Loyola.</p> <p><b>Free and open to the public.</b> Doors open at 7 pm for 7:30 pm meeting start time. College Park Airport Operations Building, 2nd Floor, 1909 Corporal Frank Scott Dr, College Park, MD 20740</p> |

| <p>Saturday<br/>April 28<br/>8:30 am<br/>Field Trip</p>  | <p> <b>Fort Smallwood Hawk Watch.</b> We will car-pool to Fort Smallwood Park in Anne Arundel County to observe the spring raptor migration spectacle. Data for the spring raptor migration are compiled annually by a team of counters organized by Sue Ricciardi from the Anne Arundel Bird Club. The number of raptors counted in a spring season ranges from 9,000 to 12,500, and fifteen different raptor species are usually observed, though not all may be present on any one day. In recognition of the significance of the hawkwatch, Fort Smallwood Park has been named an Important Bird Area by Audubon Maryland-DC. Migration of non-raptor species is also noteworthy, especially waterfowl, swallows, and Blue Jays and other passerines. About 260 species of birds have been observed at the Park. Bring folding chair, hat, sunglasses, sunscreen, drinks and snacks. Also bring cash for daily parking fee of \$6.00 per vehicle (annual passes are also available for \$30 for Anne Arundel County residents or \$40 for non-Anne Arundel County residents; a lifetime pass is available for \$40 for those aged 60 years and older). Meet at the Bowie Park and Ride at 8:30 am. No reservations needed. Contact David Mozurkewich (<a href="mailto:mozurk@bellAtlantic.net">mozurk@bellAtlantic.net</a>) for more information.</p>  |

| <p>Tuesday<br/>May 8<br/>7:30 pm<br/>doors open at 7 pm<br/><br/>Monthly Meeting<br/>&amp; Speaker Program</p> | <p> <b>Marshes for tomorrow – the fight to save Maryland's salt marshes from sea level rise</b>, presented by David R. Curson</p> <p>Blackwater National Wildlife Refuge lies at the heart of one of the largest tidal marsh complexes in the northeastern United States, which is recognized as an Important Bird Area (Southern Dorchester County IBA) supporting globally important populations of Black Rail and Saltmarsh Sparrow. Rapid sea level rise threatens the survival of this ecosystem during the current century. Audubon is working with Federal, State and NGO partners to ensure that Maryland's salt marshes and their birds do survive, by implementing innovative strategies including thin-layer sediment application, removing salt-stressed trees to facilitate the transition of dying forests to salt marsh, and enhancing tidal exchange through hydrological management.</p> <p><i>About the presenter:</i> David Curson has worked as Director of Bird Conservation for Audubon Maryland-DC, since 2004, overseeing the Important Bird Areas (IBA) Program and running conservation projects for birds and their habitats. In recent years, Dave's work has focused on tidal marsh conservation and climate change issues in the Chesapeake Bay. David also teaches ecology classes at Johns Hopkins University as an adjunct professor. David received his B.Sc. in Ecology at the University of East Anglia, UK and earned M.S. and Ph.D. degrees in the Department of Wildlife Ecology at the University of Wisconsin-Madison. His graduate research focused on the ecology and behavior of Brown-headed Cowbirds.</p> <p>Free and open to the public. Doors open at 7 pm for 7:30 pm meeting start time. College Park Airport Operations Building, 2nd Floor, 1909 Corporal Frank Scott Dr, College Park, MD 20740</p> |

| <b>Saturday<br/>May 26<br/>7 am<br/>Field Trip</b>            |  <b>Delaware Bayshore.</b> Full day trip. Join leader Fred Fallon for our annual Memorial Day weekend shorebird hunt at the great refuges of the Delaware Bayshore. Migrating shorebirds are the main target species. We can also expect to see gulls, terns, some waterfowl, and waders. Exact route and stops will be determined by current bird reports and by tides. Bring lunch, snacks, drinks, hat, sunglasses, sunscreen, scope, and money for tolls and possible dinner stop. Reservations required. Carpool will leave from the Bowie Park and Ride at 7 am. Please contact Fred Fallon at <a href="mailto:fwallon@ymail.com">fwallon@ymail.com</a> no later than May 20 to reserve your spot, and for more information.   |
